

Jane Smith

Frontend Engineer

jane.smith@email.com | (555) 987-6543 | Seattle, WA | github.com/janesmith

SUMMARY

Frontend engineer with 5 years of experience building responsive, accessible web applications in React and TypeScript. Passionate about design systems, performance, and mentoring junior developers.

SKILLS

Languages	JavaScript, TypeScript, HTML5, CSS3
Frameworks	React, Next.js, Redux, Tailwind CSS
Tooling	Webpack, Vite, Jest, Cypress, Storybook
Design	Figma, Design Systems, WCAG Accessibility
Other	GraphQL, REST APIs, Git, Agile/Scrum

EXPERIENCE

Frontend Engineer	— Lumen Retail Co.	2022 — Present
- Rebuilt the company's e-commerce checkout flow in React/Next.js, increasing conversion by 18%. - Built and maintained a shared component library used across 6 product teams. - Improved Lighthouse performance score from 61 to 94 through code-splitting and image optimization.		
Frontend Developer	— Harbor Digital Agency	2020 — 2022
- Delivered 12+ client web applications using React, TypeScript, and Tailwind CSS. - Implemented automated visual regression testing with Cypress, catching UI bugs pre-release. - Partnered with designers to establish an accessible, WCAG 2.1 AA-compliant design system.		
Junior Web Developer	— Coastal Web Studio	2019 — 2020
- Built and maintained marketing websites using React and vanilla JavaScript. - Collaborated with backend team to integrate REST APIs into customer dashboards.		

EDUCATION

B.A. in Interactive Media Design — University of Washington, 2019

CERTIFICATIONS

- Meta Front-End Developer Professional Certificate
- Google UX Design Certificate
